## REN'S PECS

[1. THEME] After an incident on the beach, Ren wishes for huge pectoral muscles. Charles Atlas appears and offers a solution to Ren's problem - have his butt fat rearranged. Since Ren has none, Stimpy donates his so that Ren may have the huge pecs he's always wanted.

[2. MIDDLE] Once the procedure is complete, Ren goes back to the beach with confidence. He struts along the boardwalk showing off his new pectoral muscles. He becomes popular and falls in with the jet-set crowd. Stimpy can't keep up with Ren's new lifestyle and leaves, not wanting to keep Ren back.

Ren easily adapts to living the high life. He enjoys his new found popularity and even meets a lady friend. Ren tries to impress her with his charms. Unfortunately, the chest procedure he's received is not without side effects - it farts. Shocked, the lady friend staggers out of the room.

[3. END] Humiliated, Ren returns to Stimpy and begs his forgiveness. Stimpy swallows his pride and welcomes Ren back with a big hug.
